How's Your Liver?

Is the Oriental salutation,

knowing that good health
cannot exist without a
healthy Liver. When the
Liver is torpid the Bow-
els are sluggish and con-
stipated, the food lies
in the stomach undig-
ested, poisoning the
blood; frequent headache
ensues; a feeling of lass-
itude, despondency and
nervousness indicate how
the whole system is dis-
ordered. Simmons Liver
Regulator has been the
means of restoring more
people to health and
happiness by giving them
a healthy Liver than any
agency known on earth.
It acts with extraor-
dinary power and efficacy.

NEVER BEEN DISAPPOINTED.
As a general family remedy for dyspepsia,
constipation, biliousness, etc., I hardly ever
know of its failing. It has been used for
many years, and has never been dis-
credited. In the cases produced, it seems to
be a perfect cure for all diseases of the
Liver and Bowels.

W. D. McELROY, Macon, Ga.

Not Much of an Actor.

The well known Stradbrooke served under
Wellington in Spain and afterward
fought at Quatre Bras, but was some-
how disabled from being at Waterloo.
He was, moreover, almost the only Tory
landlord whose abilities I ever heard
Charles Austin praise. When he was
staying with my father the conversation
turned on the extraordinary passage in
which Victor Hugo attributes Napo-
leon's fall to the divine jealousy (il
genit Diu), and in which, so far as he
assigns to human or rather to British
agency, any share in the giant's over-
throw, he would have us believe that
the credit was due to the British army
alone, and not to Napoleon's rival.
"I heard the duke say," remarked
Lord Stradbrooke, "that if he had had
his old peninsular army at Waterloo it
would have been an affair of four hours.
These were his words." "This is remark-
able as being the utterance of one who
was never given to boasting."—Portnight-
ly Review.

Jewish Fathers.

I observe that American fathers,
whether from the exactions of business
or other reasons, do not ordinarily come
to my office with their ailing children.
The whole matter is often left in the
hands of the wife or some relative. Ger-
mans are more apt to come than Amer-
icans, and Hebrews most of all; and in-
deed I cannot refrain from expressing
my admiration of the domestic life of
the better class of Jews in New York,
which so far as I have observed it is in
many respects more nearly what it should
be than that of any class in our com-
munity.—Henry L. Taylor, M. D., in Popu-
lar Science Monthly.

Slapping a King.

Talleyrand one day, upon entering the
private study where father and son were
together, found the boy upon the father's
knee, while Napoleon was gently slap-
ping him.
"Do you know what I am doing?"
asked Napoleon.
"No, sire," said the diplomatist, who
was far too wise to guess royal puzzles.
"I am slapping a king!" was the an-
swer. And this trifling and harmless
pleasantry has been cited by a serious
writer as a proof of Napoleon's "cruelty"
to his child.—St. Nicholas.

The Swordfish.

The swordfish caught by the Maine
fishing vessels are dressed at sea and
packed in ice. The head is kept and
sold for fifteen cents, and averages as
much profit a pound as the edible part.
The head yields oil which is largely
used about machinery.—Bangor Com-
mercial.

THE ELECTORAL COLLEGE.

When the Silver men of Nevada decided to sever their connection with the old parties and nominate Presidential Electors who would vote for no candidate for President who was not unequivocally in favor of free coinage, they claimed that the silver producing States by acting in concert would hold the balance of power in the Electoral College. This assumption was based on the claims of the Republicans that they would carry Illinois, Wisconsin, Indiana, Kansas, the Dakotas and other States in the Mississippi Valley and the Southern State of West Virginia. The Silver men did not expect to have more than eighteen or twenty electoral votes, but they contended that it would be sufficient to hold the balance of power and force one or the other of the old parties to come to their terms or throw the election into the House. They were derided and ridiculed by place-holding Republicans and place-hunting Democrats, and the office seekers of both parties, who preferred a place at the public crib to the remuneration of silver.

Now the election returns show that the claims of the Silver men were based on sound reasoning. Had the Republicans carried anything near the number of States which they claimed, the Democrats would not have 233 electoral votes, the number required to elect, and the Weaver electors would hold the balance of power. General Weaver, without a dollar, carried nearly as many States as Benjamin Harrison, who had all the Federal patronage at his disposal, and three millions in money, contributed by favored monopolists and high-salaried Federal officials. An army of over 100,000 officials used their great influence to elect him. Every Cabinet officer, Chief of a Bureau and Collector of Customs, who had lungs and a voice went among the people at the people's expense to laud the Administration. Ministers to foreign countries, came across the ocean on leave of absence at public expense to sing paeans in praise of Harrison, yet they succeeded in carrying only a few more States than General Weaver.

To-day thirty or forty Weaver electors stand ready to do all that they promised. Wren, Bonfield and Powning of Nevada, and their compatriots from several other States are in position to negotiate with the electors of the old parties, in behalf of silver, if the boastful Republicans had carried even half the States they laid claim to. They, not the silver men, were the ghost dancers. They, not the silver men, were aiding Cleveland, by voting for Harrison. They, not the silver men, were attempting to deceive the people. In this last respect the returns from all parts of the State show that they were no more successful, in deceiving Nevadans than they were in making good their claims to the electoral votes of Indiana, Ohio, Illinois, Wisconsin, Kansas and West Virginia, and the Weaver votes which, under other circumstances, could be used to secure the re-nomination of silver, now stand only as a protest against the treatment the people are receiving from the agents of Wall street at Washington.

PRACTICALLY UNANIMOUS.

The JOURNAL has been contending through the campaign just closed, that to emphasize the demand of the people for the passage of a free coinage bill the Silver ticket should be elected by a unanimous vote. The returns show that in many precincts in the State the people entertained the same opinion as the JOURNAL and voted solidly for the ticket, while in nearly all there are heavy majorities for the Weaver electors, Congressmen and members of the Legislature. This is gratifying to every true Silver man. The vote was practically unanimous, and no doubt when prejudice gives way to reason, as it certainly will when the excitement incident to the Presidential election subsides, every good citizen will be pleased with the result, fully convinced that it is for the best interests of the State.

It was folly to suppose for a moment that the State would be furthering the free coinage cause by giving its electoral vote to a Presidential candidate who was opposed to it. Only partisan prejudice could delude any reasonable person into the belief that a party which gave only eight votes for the Stewart Free Coinage bill in the House of Representatives last July favored the re-nomination of silver. Had voters given that fact due consideration the vote of Nevada, now practically unanimous, would have been actually so.

The California Legislature is Democratic on joint ballot, and White will probably be elected to succeed Felton. Two more such changes will give the Independents the balance of power in the Senate.

If the nine build over Senators represent the wishes of their constituents in selecting a United States Senator, they will vote for H. N. William M. Stewart.

In many precincts in Eastern Nevada the voters were unanimous for Weaver, as were the miners of Peavine in this county.

Isaiah For Weaver.
Boss, Nov. 10.—Less than half the State has been heard from. The Weaver electors' majority may reach 3,000. Sweet, Rep., for Congress, has about 3,000 plurality.

TELEGRAPHIC NEWS

Matters of Interest From
Homeland Abroad.

In answer to a request for a special summary of results of the election, the following was received:

SAN FRANCISCO, November 10.
JOURNAL, RENO:—I cannot send special summary giving any results not embraced in your regular report of the past two days.

Election News.

CHICAGO, Nov. 10.—Illinois will probably elect nine Republicans and eleven Democrats to Congress.

Owen Scott, Democratic candidate for Congress in the 14th district, admits his defeat. This makes the Illinois Congressional delegation 12 Democrats and 10 Republicans.

Complete returns from Chicago and Cook county show that Cleveland carried the county by 32,000, and Alford, Democratic candidate for Governor, by 31,000. The indications are that the official returns from the whole State will show a Democratic plurality of about 20,000 for the National ticket. The plurality on the State ticket will not be materially different.

ALLIANCE, O., Nov. 10.—One of the big surprises of the election was the selection of Dr. George P. Ikerd (Dem.) in the McKinley district for Congress.

GUTHRIE, O., Nov. 10.—Flynn (Rep.) was elected delegate to Congress. The Democrats and Alliance have the legislative candidates.

PHILADELPHIA, Nov. 10.—The returns give Harrison 65,475 plurality; Representatives in Congress, 20 Republicans and 10 Democrats.

WILMINGTON, Nov. 10.—Delaware gives Cleveland a plurality of 614.

HARTFORD, Nov. 10.—The Cleveland plurality in this State will be about 5,000. Congressional delegation, one Republican and three Democrats. The Legislature will be Republican on joint ballot.

TOPEKA, Nov. 10.—The next Legislature will be Republican by a small majority on joint ballot.

The Democratic and Populist State Central Committees claim that Weaver and Lowell have carried the State by from 8,000 to 10,000. The Republican State Central Committee admits the defeat of Bruce for Auditor, but claims the election of Smith. The conservative estimates are that the Republican State and electoral tickets are defeated and not more than two or three Republicans are elected to Congress out of eight. The Legislature is in doubt. Harris is elected Congressman at Large. He is an ex-Confederate and the first ex-Confederate elected to Congress from a Northern State.

COLUMBUS, O., Nov. 10.—The result of the election in this State is still in doubt. The indications are that only an official count will decide it. The Democratic State Committee have authentic returns from 78 counties and in estimating the results in the other 12, claim that Cleveland has carried the State by 1,270, and that Taylor, Democrat, is elected Secretary of State by a greater plurality.

The Republican Committee has received word from all of the counties except four, and in estimating the results in these, claim the election of Taylor, Republican, for Secretary of State by 1,413 and that Harrison has carried the State. The Democrats elected eleven Congressmen and the Republicans ten.

DETROIT, Nov. 10.—Complete returns show the election of seven Democrats and five Republicans to Congress. The Republicans elect nine Presidential electors and the Democrats five.

INDIANAPOLIS, Nov. 10.—Returns from all except thirteen counties at the Democratic headquarters show a Democratic plurality of 8,686. The counties not yet reported are expected to swell this to 10,500 and possibly 11,000. The People's party vote is expected to reach 25,000, and the prohibition 12,000. The Democrats elected ten members of Congress, Republicans two and one in doubt. The Legislature is largely Democratic.

DENVER, Nov. 10.—Returns from 41 out of 55 counties indicate that the Democratic Populist fusion ticket has carried everything from Presidential electors to constable. The Republicans concede everything except H. M. for Governor. Weaver on the returns has 14,865 majority. The Legislature is probably Democratic for the first time in the history of the State.

ALBUQUERQUE, N. M.; Nov. 10.—Conservative Republicans concede a small majority for Bishop, Democrat for Congress.

BUTTE, Mont., Nov. 10.—The returns indicate the election of the Republican National, State and Congressional tickets. The Legislature is probably Republican. The People's party drew largely from the Democrats.

BOSTON, Nov. 10.—Revised returns give Russell, Democrat for Governor, 1,937 plurality.

PORTLAND, Or., Nov. 10.—Returns from Washington State are also slow. The indications are that the Republican electoral and State ticket will be elected by good plurality.

The returns from Oregon come in slowly. The plurality for the Harrison electors will reach 8,000 at least. The Democrats still maintain that Pierce, the fusion elector, is elected. All returns received do not give his individual vote, and it is impossible to form any estimate as to how many Democratic votes he received. It will probably take an official count to determine the vote. Pierce leads the Weaver electors by about 4,000.

LOUISVILLE, Nov. 10.—The State gives Cleveland about 36,500 plurality.

NASHVILLE, Nov. 10.—The State gives Cleveland about 46,000 plurality, elects the State Democratic ticket by 32,000 and sends eight Democrats to Congress—a gain of one.

BIRMINGHAM, Nov. 10.—Cleveland carried 39 of the 66 counties and Weaver 10. Of the remaining 17, Cleveland will carry at least 10. There has been a Democratic gain in every county outside of the black belt, the Democrats of the white counties having voted for Cleveland. His majority will be from 15,000 to 40,000. A solid Democratic delegation has been elected to Congress, except possibly in the fifth district.

SAN FRANCISCO, Nov. 10.—At 3 p. m. 157 city precincts as counted by registrar's clerks, give Eliott, non-partisan, 8,126, O'Donnell, Ind., 6,729, Baldwin, Dem., 5,864, Easton, R. p., 4,729. For Sheriff—Blattner, Rep., 8,112, McDade, Dem., 8,650, Scott, non-partisan, 8,492, County Clerk—Halley, Dem., 8,813, Lee, Rep., 8,354, Moran, non-partisan, 6,362.

At 4 p. m. returns from 220 precincts give Eliott, non-partisan, for Mayor, 15,351, O'Donnell, Independent, 14,692.

Sufficient returns have been received from precincts in California to show that Cleveland has carried the State by at least 8,000 plurality. The Congressional delegation will probably be three Democrats, one Fusionist and three Republicans. In the State Legislature the Democrats claim a majority on joint ballot of 8 to 18. The Republicans concede a majority of one or two.

California's vote in the Congressional districts up to 10 p. m. is as follows: First District, Davies, Rep., 8,601, Geary, Dem., 12,117. This comprises the returns from about half the precincts. Second Congressional district: Davies, Rep., 14,098, Gaminiatti, Dem., 17,872. This comprises 329 precincts out of 451. Third Congressional district—196 out of 236 precincts give Hibborn, Rep., 12,163, English, Dem., 11,621, Lyon, P., 2,839. Fifth Congressional District—There has been no change in the returns since the last bulletin. Sixth—Returns from 261 out of 275 precincts give Lindley, R. p., 13,864, Cannon, Dem., and P., 20,053. Seventh—Returns from 386 out of 443 precincts give Bowers, Rep., 14,530, Wellborn, Dem., 3,372. Cleveland's Cabinet and Other Political Matters.

New York, Nov. 10.—Overhauling pervades the home of President-elect Cleveland to-day, though the weather without is cheerless in the extreme. Messenger boys bearing telegrams of congratulation kept the door bell ringing almost continually. Secretary O'Brien said this afternoon that Mr. Cleveland had at first intended to address a letter to the voters of the country giving his views of the political situation but this project was abandoned. The result of the election being positively settled, politicians are turning their attention to the possible make-up of Cleveland's next Cabinet. Many are also greatly interested, now that the New York State Legislature is known to be Democratic on joint ballot, in the probable successor of United States Senator Hilecock, whose term expires March 4th next. It is said Governor Flower is ambitious to be the Senator's successor and Lieutenant Governor Sheehan wants to succeed to the Governor's office.

Democratic politicians generally agree that Governor Flower will be sent to the Senate if he so desires and Lieutenant Governor Sheehan will then become Governor for the unexpired term. Lieutenant Governor Sheehan's friends declare that his splendid achievements during the present campaign in the interests of the Democratic party, entitles him to the next nomination for a full term. There has been some talk of Bourke Cochran for Senator, but his friends all agree he does not want the place. The Cabinet slate as generally figured out by politicians was Secretary of State, Thos. E. Bayard; Secretary of the Treasury, John L. Mitchell or ex-Postmaster General Vilas; Secretary of the Navy, Wm. C. Whitney; Secretary of War, W. P. Franklin of New Hampshire; Secretary of the Interior, Isaac P. Gray of Indiana; Attorney General, Congressman Wm. L. Wilson of West Virginia or Congressman Colbertson of Texas; Postmaster General, Don H. Dickinson. It has been the generally accepted belief in political circles that ex-Secretary Whitney will be offered the place of Secretary of State by the President-elect, but those who appear to know something about it say Whitney prefers to be Secretary of the Navy.

Figuring on Congressional Elections.
WASHINGTON, Nov. 10.—An analysis of Congressional election returns shows that with returns missing from twenty districts in which the result is either unknown entirely or very close the Democrats have elected as Representatives in the 53rd Congress eighty-eight more Representatives than the Republicans. This majority does not include the nine members elected who are classified as either fusionists or third party men, nearly every one of whom will act with the Democrats in any proposed reduction of tariff taxes. Their support, with the additional strength the Democrats are certain to derive from securing some of the twenty districts put in the unknown column, make it conservative to estimate that the Democrats have a majority of a hundred members or more on the most important questions likely to come before the next House of Representatives, viz: The revision of the McKinley tariff law. A number of fusionists are also in accord with the Democratic policy as far as it goes on all other questions. It is that, with the exception of Davis and Baker, the five fusionists from Kansas are inclined toward Democracy.

The Silver States of Idaho, Montana, Wyoming, Nevada and Colorado are split even on the Congressional election, three Republicans coming from the three States first named and three fusionists from the two latter States. Newlands of Nevada is intensely for free coinage.

About Vacancies.

WASHINGTON, Nov. 10.—There are a number of vacancies in the higher offices of the Executive Departments of the Government and the problem of filling them has been considerably complicated by the result of the recent election, in view of the fact that a general change will be made by the new Administration in March.

The vacancies are not altogether desirable prizes. Among them are the First Assistant Postmaster Generalship, Commissioner of the General Land Office and a number of diplomatic places, including the Italian, Russian, Portuguese and Swiss missions. The resignation of Assistant Secretary of the Treasury Nettleton, and Mr. Cronan, who is the Republican candidate for Governor of Nebraska will also have four vacancies on the bench to fill between now and the 4th of March. These are life positions and are the most alluring prizes remaining within the gift of the Administration.

Carter's Opinion.
NEW YORK, Nov. 10.—Chairman Carter of the Republican National Committee sent the following telegram to President Harrison this morning: "Returns show we are defeated by a pronounced majority. The defeat can only be attributed to reaction against the progressive policies of the Republican party."

Died of Cholera.
PARIS, Nov. 10.—The report of the death of Theodore Child is confirmed. He died of cholera at Ispahan, Persia, Nov. 23.

MARRIED.

PEOPLE FIND

That it is not wise to experiment with cheap compounds purporting to be blood-purifiers, but which have no real medicinal value. To make use of any other than the old standard AYER'S Sarsaparilla—the Superior Blood-purifier—is simply to invite loss of time, money, and health. If you are afflicted with Scrofula, Catarrh, Rheumatism, Syphilis, Eczema, Running Sores, Tumors, or any other blood disease, be assured that

It Pays to Use

AYER'S Sarsaparilla, and AYER'S only. AYER'S Sarsaparilla can always be depended upon. It does not vary. It is always the same in quality, quantity, and effect. It is superior in combination, proportion, appearance, and in all that goes to build up the system weakened by disease and pain. It searches out all impurities in the blood and expels them by the natural channels.

AYER'S Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all druggists. Price \$1.00 per bottle, \$5.00 per dozen.

WHAT IS

SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can CURED

It can be cured by taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofula from the time she was three months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lumps and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLISLE, Nauright, N. J.
